---

## Summary:

- My name is Sleem Hashem, a 20-year-old Front-End Developer with strong experience in building responsive, user-focused web applications. Currently transitioning into **Machine Learning Engineering**, with a focus on integrating ML models and Generative AI into web systems. Skilled in JavaScript, React, and Next.js, with a solid programming foundation and growing expertise in Python, data handling, and ML concepts. Passionate about building intelligent, scalable, end-to-end applications.

## Education:

- Faculty of Computers and Artificial Intelligence, Beni Suef University (2023 - 2027)
- Current Grade: Very Good
- Major: General

## Experience:

- Hoor Book – Frontend Developer (E-Commerce Website & App) *June 2025 – Present*
  - Developed and maintained responsive web pages using Next.js and Tailwind CSS for an e-commerce platform offering supermarket and library-related products.
  - Implemented the location management feature (add & update delivery addresses).
  - Built the full Forgot Password cycle, ensuring secure and smooth authentication.
  - Integrated a barcode/QR scanner for faster product search and checkout.
  - Delivered UI/UX enhancements, improving performance, accessibility, and cross-device responsiveness.
  - Collaborated with backend developers to integrate APIs and improve user experience.  
❖ **Tech Stack:** Next.js · React · Tailwind CSS · REST APIs · Git
- Elgazaly Platform – Front-End Developer (Jan 2026 – Feb 2026)
  - Handled the full UI implementation for the entire platform, including building all user interface pages and integrating all frontend components with backend services.
- Head of Front-End Department (Since August 2025)
  - Led the frontend team, managed workflow, and supervised projects.
- IEEE Beni Suef University - Front-End Developer (Volunteer Member) October 2024 - May 2025
  - Collaborated with the IEEE student chapter to develop and maintain front-end components for internal web projects.
  - Gained real-world experience in teamwork, communication, and deadline-driven development
- NTI Training - Web Design Scholarship (Sep 2024) (September 2024)
  - Technical Skills: HTML, CSS2/3, JavaScript, Bootstrap
  - Attended soft skills sessions covering CV writing, communication, and LinkedIn optimization.
- Tarmeez Academy - Advanced Front-End Training
  - Completed training in React.js ecosystem including Redux, Hooks, and React Router.

- Codevolution - Next.js 15 Course
  - Focusing on authentication systems, API handling, and performance optimization using Next.js

## Projects:

- Next.js
  - HoorBook App
  - Portfolio
- React.js Projects
  - Elgazaly Platform
  - E-commerce Website (HTML, CSS, Tailwind, React.js)
  - Todo List - Gemini Clone
  - Portfolio
- NTI Projects
  - Project 1: HTML & CSS
  - Project 2: HTML, CSS (2,3), Basic JavaScript
  - Project 3: HTML, CSS, JavaScript, Bootstrap, jQuery
- JavaScript Projects
  - Calculator, Tooltip, Word Guessing Game, Task Manager, Weather App

## Skills:

- Programming Language
  - Programming Languages: C++, PHP, JavaScript, TypeScript
  - Web Technologies: HTML5, CSS3, Bootstrap, Tailwind
  - Frameworks/Libraries: React.js, Next.js (In Progress)
  - Other Skills: OOP, Data Structures, Problem Solving
- Machine Learning & AI (In Progress)
  - Python for Machine Learning
  - Data Analysis & Preprocessing (NumPy, Pandas)
  - Machine Learning Fundamentals (Supervised & Unsupervised Learning)
  - Model Integration with Web Applications

## Languages

- English: Very Good (Speaking and Writing) Activities

## Soft Skills

- Teamwork and Collaboration
- Communication Skills
- Time Management
- Problem Solving
